Disclosure of Product

This is a life insurance product which has two distinct elements i.e., Insurance Protection and Investment. The Investment Component is linked to the performance of underlying assets under unit linked fund(s).

Free Look Period

If you cancel your policy within free look period of 14 days from the date of the documents receipt, you are entitled for a full refund of premium less any expenses incurred by EFU Life in connection with our medical or clinical examinations.

Important Details	
Eligible age	18-65 years
Plan Term	Whole of life
Minimum Premium	Rs. 24,000 per annum
Fund Acceleration Premium	Minimum: Rs. 24,000

Opportunity for Growth

- EFU Guaranteed Growth Fund – Fund Categorization: Money Market Fund, Risk Profile: Low
- EFU Income Growth Fund – Fund Categorization: Income Fund, Risk Profile: Low
- EFU Managed Growth Fund – Fund Categorization: Balanced, Risk Profile: Medium
- EFU Aggressive Fund – Fund Categorization: Aggressive Fund, Risk Profile: High

Multiple Fund Option:

Under this option, you have the facility to select a mix of two unit-linked funds of the plan. The total premium under your policy will be allowed to be distributed among the funds in multiples of 10%. This means that the fund split can be of 90/10, 80/20, 70/30, 60/40, or 50/50. ***EFU Guaranteed Growth Fund will be selected by default.**

Benefits:

Investment with a Safety Net:

The moment you start saving with EFU Roshan Kal, you will enjoy a guaranteed level of life assurance protection. This cover means that in case of death, dependents will receive:

- The sum assured or the cash value of the plan at the time of death (whichever is higher) and
- Any cash values of FAP payments.

Depending on the current stage of one's life and the need for life assurance protection, the plan offers the facility of selecting a low or high level of sum assured as circumstances change.

Optional Benefits:

- **Accidental Death and Disability Benefit:** This rider provides an additional lump sum benefit in case of accidental death or disability.
- **Accidental Death and Disability Plus Benefit:** In case of accidental death or disability of the life assured (permanent and total), this rider provides an additional lump sum benefit to help your family cope with this distress.
- **Additional Term Assurance:** This rider increases the level of life cover by providing an additional amount in case of the death of the policyholder (insured person).
- **Waiver of Premium:** In case the life assured is unable to follow any occupation due to sickness or accident, the premium would be paid by EFU Life.
- **Life Care Plus Benefit:** This rider provides a flexible benefit ranging from Rs. 50,000 to a sum equivalent to the main plan sum assured, subject to a maximum of Rs. 1.5 million, upon the diagnosis or occurrence of any 15 covered critical illnesses.

Family Income Benefit:

This benefit ensures that a monthly income is paid to the family in case of the unfortunate death of the policyholder (insured person) during the plan term. *Any one accidental rider can be selected.

Unit Allocation

Premiums are allocated to the investment fund based on the following unit allocation percentages

Policy Year	Unit Allocation %	Allocation Charges*
1	60%	40%
2	80%	20%
3	90%	10%
4-10	100%	0%
11- Onwards	100% plus loyalty bonus allocation	0%

*An allocation charges will be deducted from the Paid Premium every year as per the above table and the remainder will be allocated to the account value.

Loyalty Bonus:

You can enjoy a loyalty bonus for your long-standing relationship. These bonus units will be

applicable every 5 years starting from the end of the 11th policy year. The loyalty bonus allocation, in addition to the basic plan Premium, is as follows

Year	Loyalty Bonus Allocation %
11	30%
16	45%
21	60%
26	75%
31	90%
And onwards	

Sum Assured:

This is the guaranteed amount payable on death. The sum assured may be selected from a range depending on the age at entry. The sum assured is determined as the Basic plan annual premium multiplied by the “Protection Multiple” which can be selected from the following table:

Age (years)	Protection Multiple
18 to 35	5 to 75
36 to 40	5 to 50
41 to 49	5 to 35
50 to 65	5 to (70-age)

Fund Acceleration Premium (FAP):

If you have surplus cash available at any point during the plan term, it can be invested in the plan to enhance your cash values. These additional payments in the plan are called Fund Acceleration

Premium payments. You can make these payments at any time while the policy is in force. The minimum FAP payment is Rs. 24,000.

100% of FAP payments are allocated to purchase units in the selected fund.

Complete and Partial Surrender:

The plan provides complete access to the accumulated fund value during the plan term. Total units accumulated can be withdrawn after the second year's regular premium payment. A facility for partial withdrawals is also available, subject to Rs. 20,000 remaining in the fund. If the customer opts for complete surrender, all units will be encashed, and the plan will be terminated.

Indexation:

Once you select this option, the premium will increase every year by 5% of the prior year's premium indefinitely. Similarly, the sum assured will increase in the same proportion. You may, however, opt to increase only the premium while keeping the sum assured at the initial level, thus channeling this increase in premium to boost your accumulation of capital only. Sum assured indexation is only available until age 55, provided you were accepted on standard terms initially.

This means that the fund split can be 90/10, 80/20, 70/30, 60/40, or 50/50. ***EFU Guaranteed Growth Fund will be selected by default.**

Benefits:

Continuation Benefit:

In the unfortunate event of the death of the assured parent during the savings term, a built-in Continuation Benefit ensures that the targeted fund is achieved at the maturity of the plan. EFU Life will continue to make the remaining unpaid basic premium towards the plan so that the investment is not discontinued. This ensures that the required funds are available for the child's marriage even in the parent's absence.

Enhancement Bonus:

In the 16 years, EFU Life will add an Enhancement Bonus to the plan equal to 15% of the average basic plan premium paid.

Child Support Bonus:

The plan provides valuable Child Support bonuses during the plan's term to boost fund accumulation. The bonus is allocated, as a percentage of the average Basic Plan contribution paid, in the 11th, 16th, and 21st years of the policy, provided the plan is continued without any breaks. The extra unit allocation is as follows:

Policy Year	Extra Unit Allocation %
11	20
16	30
21	40

Maturity Benefit:

At maturity, the plan provides the accumulated fund value, which can be taken in a lump sum. If funds are not required immediately for marriage, the amount can be left to accumulate with EFU Life for a maximum period of one year. At the end of the one-year period, EFU Life will pay the accumulated value and a "Maturity Investment Bonus" of 20% of the annual average premium.

Optional Benefits:

To customize the plan according to the needs of individual customers, several additional benefit riders are available which can be attached to the plan:

- **Accidental Death Benefit:**
In case of the accidental death of the life assured, this rider provides an additional lump sum benefit.
- **Accidental Death and Disability Plus Benefit:**
This rider provides an additional lump sum benefit in case of an accidental death or disability (permanent & total) that makes you permanently disabled.
- **Additional Term Assurance:** This rider increases the level of life cover by providing an additional amount in the range of 50% to 200% of the Main Plan Sum Assured, in case of the death of the Life Assured.

- **Income Benefit:**

In the unfortunate event of the death of the policyholder/life assured, this additional benefit will provide a quarterly income to your dependents to maintain a decent lifestyle.

- **Waiver of Premium:**

In case the life assured is unable to follow any occupation due to sickness or accident, the premium would be paid by EFU Life.

*Any one accidental rider can be selected.

Unit Allocation

The proportion of premium for investment in units varies by policy year and is as follows.

Policy Year	Unit Allocation %	Allocation Charges*
1	60%	40%
2	80%	20%
3	90%	10%
4 – Onwards	100% + Applicable Bonus	0%

*Allocation charges will be deducted from the Paid Premium every year as per the above table and the remainder will be allocated to the account value.

Fund Acceleration Premium (FAP):

The plan gives the flexibility to top-up the savings by depositing surplus funds as a lump sum premium called “Fund Acceleration Premium” (FAP). Payments can be made at any time during the policy term to increase the cash value of the plan. Individuals can park their excess cash into the plan through FAP and enjoy the investment returns from the selected fund. The combination of regular savings and occasional lump sum premium provides the much-needed financial freedom to save according to one’s convenience. The minimum payment of FAP is Rs. 24,000.

100% of FAP payments are allocated to purchase units in the selected fund.

Access to Savings at All Times:

The plan provides complete access to the accumulated fund value at all times. After the premiums have been paid for two full years, the fund can be withdrawn for its full or partial value.

Complete Surrender:

The customer has the right to encash all the units in their fund. In such an event, the units will be encashed at the current bid price, and the plan will be cancelled.

Indexation:

Under this option, the regular premium will increase every year by 5% of the prior year's premium until the age of 55 years, without any medical evidence.

Benefits:

Death Benefit:

For Ages 18 – 59 years:

Death Benefit up to age 70 years is equal to:

- The greater of the Basic Sum Assured (adjusted for partial surrenders), or Basic Cash Value of the plan.

Plus

- The Cash Value of the units applicable to FAP (if any)

Death Benefit after 70 years of age will be Total Cash Value.

For Ages 60 years and above at entry:

Death Benefit for 5 policy year is equal to:

- The greater of the Basic Sum Assured (adjusted for partial surrenders), or Basic Cash Value of the plan.

Plus

- The Cash Value of the units applicable to FAP (if any)

Death benefit after 5 policy years will be Total Cash Value.

Built in Accidental Death Benefit:

In case of accidental death of life assured before age 60 years, additional lump sum benefit will be paid. The amount of payout is equal to the original single premium adjusted for partial withdrawals. This benefit amount will be in addition to the Death Benefit.

Sum Assured:

The sum assured is the guaranteed amount payable on death of the insured. Sum Assured is determined as your Premium times Protection multiple depending on age at entry which can be selected from the following table:

Age at Entry	Sum Assured
For all entry ages	1.25 – 2 times the Original Single Premium

Loyalty Bonus:

You can enjoy the Loyalty Bonus for your long-standing relationship. These bonus units will be applicable every 5 years starting from the end of the 5th policy year. The loyalty bonus unit allocation, in addition to the basic plan premium is as follows:

End of Policy Year	Loyalty Bonus Allocation as % of Single Premium
5	2%
10	3%
15 and every 5 years thereafter	4%

Letter of Credit (LC) facility is available for Importers to support their import requirement. Letter of credit is a surety to the beneficiaries abroad that their payment against under lying trade is secured by our bank.

- **Import Contract Registration**

Registration of Contract Facility is available to importers who want to import through registered import contract with authorized dealer before importing goods.

- **Import Inward Collection (Sight/Usance)**

International trade payment (DP/DA) wherein shipping documents are received at bank's counter through foreign bank / exporter without involvement of LC.

- **Import Open Account Payment / Consignment Payment**

We offer this facility to support remittance / import wherein shipping documents are received directly to importer/buyer from Seller abroad.

- **Import Advance Payment without LC & without Contract**

Import Advance payment enables our clients to remit payment abroad for subsequent import.

- **Issuance of Shipping Guarantee**

Shipping guarantee facility is also available for our clients wherein their consignment arrives at port, but original shipping documents are not received to release the shipment.

Trade Finance (Imports)

- **Finance against Trust Receipt (FATR)**

FATR is an import finance disbursed to an importer for making an import payment to the foreign/local buyer after presentation of documents under LC/Contract/Collection/Open Account.

- **Foreign Currency Import Finance (FCIF)**

FCIF is import finance in nature and can be disbursed for import payments in foreign currency by creating a foreign currency loan against the importer.
